

## Churches prayer update November 2020

### Partnership with Label of Love

As in the 2019/20 school year, we have again partnered with another local Christian charity, Label of Love for the current 2020/21 school year. Until school was closed in March 2020 due to the Covid-19 pandemic, their workers Petra and Adam had been delivering a range of activities in person at South Hunsley School as well as looking out for new opportunities to serve the students and staff. Activities included a lunchtime club and mentoring support for students where requested by the school. They were also leading a Tuesday teatime youth group which met at St Helens Church, Welton.

As you can imagine, there was little we were able to do to support the school during “lockdown” and beyond last spring and summer terms, other than keep in touch and offer any support they might need. One thing Adam and Petra were able to do was produce some YouTube videos to circulate to schools in terms of remote support. However we are praising God that the school have again welcomed our support this new school term, on behalf of the local church family in the Hunsley area. Petra and Adam have worked with school on safe ways to support students and staff “in person” and since the beginning of November have again started up lunchtime mentoring support for students where requested by the school. We are praying that this will lead to more opportunities to serve the school.

We are really pleased that the Tuesday teatime youth group, which had met at St Helens Church, Welton, has started up again, but now on Zoom.
